## ELECTION OF 2015 OFFICERS

The club meeting held in the month of November is when the members elect the club leadership for the next year. At our meeting the floor will be opened for anyone to nominate themselves or someone else for a position (provided that person accepts the nomination). This is your club – be an active member. If being an officer isn't your thing, how about volunteering for one of the other service job? The selfless service of the clubs members is what makes the club a club. Share your talents and gifts!

The present nominees for 2015 positions are as follows:

**Officers of Cascade Woodturners**

President –	Peter Gibson
Vice-President -	Skip Burke
Treasurer -	Howard Borer
Secretary -	Harvey Rogers

**Additional Board of Directors**

Safety Officer -	Harvey Rogers
Member at large -	Bob Mach
Video Librarian -	Geraldine Clark
Book Librarian -	Mike Worthington
Storekeeper -	Jim Piper
Web Mistress -	Kathleen Duncan
Newsletter Editor -	Jerry Klug

**PRESIDENTS MESSAGE**

No one person can make a group a success. This is very true of the efforts needed this year. Many different people pitched in to make things run as smoothly as possible. So as we come to the close of our year I would like to express my appreciation to some of those who have worked hard for Cascade these past 12 months.

To our Vice-president Pete Gibson – thank you for pursuing a new site at the Carpenters Center. You stepped forward and found a great facility. Your support and hard work with meetings and demonstrators helped to make those events worthwhile.

To all of our member presenters –Dale Larson, Jim Hall, Jerry Harris, Kathleen Duncan, Steve Newberry –each of you brought a unique perspective and your enthusiasm and passion were a pleasure to see.

To our operations members – Kathleen Duncan, Geraldine Clark, Mike Worthington, Jerry Klug, Harvey Rogers, Jim Piper, Skip Burke, Howard Borer – month in and month out you do what is needed to keep the club functioning. From toting the libraries and stores around, to paying the bills, to keeping us well informed. These can be the things that we take for granted, but without them our club would be the poorer.

I would also like to thank Dale and Harvey for hosting some of our out of town demonstrators. You are opening your homes to complete strangers and that can be a lot of stress. Yet it allows us to provide a friendly atmosphere to people who may be far from home. This affords us the ability to make a wide variety of talented individuals available.

I am sure that I am missing some of you who worked hard this year in supporting our club. My memory isn't what it used to be and I mean no disrespect to you if you were not mentioned. I truly appreciate all of the help that everyone has provided this year.

Thank you for allowing me the opportunity to serve.

### **Auction wrap up**

Thank you all for a great auction. It was impressive to see the range and beauty of the items that our members and demonstrators brought in. I would like thank all of the people who helped by doing the many things necessary to pull this off. Your ideas, items, time, talent, and muscle made this a success. We were able to raise over \$3300.00 to help fund activity next year.

### **Hatcher demo comments**

Our demonstrator in November is Stephen Hatcher. His schedule is the Thursday night demo, an all-day demo on Friday the 21st, and for those that signed up an all-day class on the 22nd. His web site is [www.stephenhatcher.com](http://www.stephenhatcher.com). There are very good images of the type of inlay and wood working that he does. The visit is well worth your time. Included on the site are papers describing his techniques. So if you are unable to attend the all-day class, you can still read the basics. He has been a guest of Cascade in the past and some of you may remember that we featured a piece that he created on our site. It will be a fun visit.

### **Woodworking Show**

We only have 4 or 5 people signed up at this time. We need to cover 20 or so hours of demonstrator time and we need the volunteers. I cannot in good conscience ask those who are willing to spend 4 hours each at the boot. In years I also would spend a fair amount of time turning and talking. I am not in a position to do this year. I plan on keeping the lines open for a few more days as I mentioned at the meeting to see who may still be interested. If we don't have more people, then I will let everyone who has signed up know and release the booth. This is a bit disappointing, but maybe an off-year will make next year's opportunity better.

The dates are the 14<sup>th</sup>-15<sup>th</sup>-16<sup>th</sup>. Friday is from noon to 6 PM, Saturday is from 10 AM to 6 PM, and Sunday is from 10 AM to 3 PM. Setup and takedown are prior to and after the show times (Friday morning and Sunday afternoon respectively). Our booth will have a small mini-lathe, some tables and chairs. You will need to provide your own tools.

## **AAW NEWS**

October 20, 2014: **Board Election Results**

On behalf of the Board of Directors of the American Association of Woodturners (AAW), I would like to announce the results of the election for the Board of Directors.

Please join me in congratulating our newly elected directors, Jeff Brockett, Kathleen Duncan, and Louis Vadeboncoeur. Each has been elected to serve a three-year term on the AAW Board of Directors, beginning January 1<sup>st</sup>. The total number of ballots and votes tabulated will be shared with you as soon as our auditors, Olsen Thielen & Co., Ltd., makes the information available.

I would like to acknowledge and thank all of the candidates. Each has dedicated countless hours to woodturning education in various volunteer roles. I encourage you to join me in expressing your appreciation for their past and future service to our membership.

~ Dale Larson, President, AAW Board of Directors

## **DALE'S CORNER**

Cascade members;

I am finishing up my six years on the AAW board. We are turning it over to good hands. Kathleen Duncan will continue to represent the Northwest on the AAW board.

The past two years I have had a second job on the board and that is as the Fundraising chair. We have put in place several plans to raise funds for AAW's programs. One of the jobs of the members of the board is to raise operating funds for the organization. We can raise dues (we did \$2.00 this year) or we can do fundraising. All 501.c.3 organizations need to raise funds to operate their programs. One program that was successful this year was naming rooms at the Phoenix symposium after donors. We had businesses, chapters and members all pitch in and we named all the demonstration rooms. Each room brought in \$1000. Thanks to Skip Burke's generous donation we had a demonstration room named for the Cascade Woodturners. Mike Meredith stepped up and we had a room named for his business. And several other members made generous donations to AAW this past year: Jim Piper, Phil Lapp, Gary Sundquist, Steve Newberry, Mike Pearlman. Thank you to everyone that pitched in.

The Wilmington Area Woodturners came up with a good idea and I would like to copy it. Their members came together and raised a \$1000 and had a room at Phoenix named for their chapter. **If we raise a total of \$1000 AAW will put Cascade Woodturners name on a room at Pittsburgh.** I am asking the members of Cascade to write a check to AAW of an amount they are comfortable with. You can send it to me or give it to Kathleen at the November meeting.

We can put Cascade's name on a room at Pittsburgh. If woodturning has brought some enjoyment to your life maybe it is time to give something back to the organization that works year round to support woodturning.

Thank you

Dale Larson

## DALE'S SHOP PROGRESS

October progress is showing walls and the roof sheathing ready for a pause in the rain to remove the tarps and install the roofing.

## TREASURERS REPORT

The next meeting is in January, which is membership renewal month. Here, once again, is the procedure.

1. Get an envelope from me with the application and membership card enclosed.
2. Fill out the application. If nothing has changed from last year, you can fill in your name and email address only, but please fill out those two fields so I know whose envelope it is.

3. Insert \$35 cash or a check for \$35 in the envelope. I don't carry a lot of \$5 bills to make change, so if I run out I'll consider your 2 \$20 bills your membership fee and a contribution to our general fund.
4. Tuck the flap into the envelope to keep the application and payment inside.
5. DO NOT write your name on the envelope or seal it.
6. Return the envelope to me.
7. Write your name and fill in the '15' in the year field on the membership card

Enjoy the meetings in 2015.

That should cover it.

Howard

## **SAFETY FIRST**

**A Song for the Holiday Season**  
(to the tune of "Jingle Bells")

*Dashing through the shop  
To find that misplaced tool.  
Some wood I've got to chop  
For gifts this coming Yule.  
Great things I planned to turn  
That wouldn't take much time,  
Why don't I ever learn  
To start in summertime?*

*Jangled nerves, jangled nerves,  
I'll take a shot of liquor,  
Then I'll turn the lathe up fast  
To cut the wood much quicker.  
Jangled nerves, jangled nerves,  
Another shot of liquor,  
I'll turn the lathe up fast  
To cut the wood much quicker.*

*The blank it had two splits  
And one quite odd dark spot  
And what I thought was lovely spalt  
Was really only rot.  
If I had had more time,  
I'd have tightened the chuck  
And cleaned off all the grime  
So my tailstock wasn't stuck.*

*Jangled nerves, jangled nerves,  
I'll take a shot of liquor,  
Then I'll turn the lathe up fast  
To cut the wood much quicker.  
Jangled nerves, jangled nerves,  
Another shot of liquor,  
I'll turn the lathe up fast  
To cut the wood much quicker.*

*To sharpen wouldn't help,  
Besides it takes too long.  
I leaned upon my gouge,  
Because it's long and strong.  
I do not know the reason  
The blank began to shatter,  
But I'll buy my Yule gifts this season  
With a nose that is much flatter.*

*Jangled nerves, jangled nerves,  
I'll take a shot of liquor,  
Then I'll turn the lathe up fast  
To cut the wood much quicker.  
Jangled nerves, jangled nerves,  
Another shot of liquor,  
I'll turn the lathe up fast  
To cut the wood much quicker.*

*Enjoy turning and have a safe and happy holiday season!*

## **SANDING WAX**

Eli Avisera used his sanding wax for his demo and classes. It was a jar that looked like cold cream container. He rubbed his sandpaper in the jar and proceeded to sand without any dust. The sanding wax is also very effective at supporting end grain for a finish cut without tear out. The sanding wax is simply mineral oil and beeswax. The process is to heat the mineral oil and beeswax which then remains a soft paste when cooled.

## Turning Times

Here is what you need to make a batch;  
Beeswax (16 oz brick from Rhul Bee Supply)  
Mineral Oil (edible grade from any pharmacy)  
Scale (kitchen or postal)  
Thermometer (candy or kitchen)  
Cheese Grater  
Double Boiler (sauce pan and melting can)  
Storage Containers (for grated beeswax and jars for finished mix)

Rhul Bee Supply has the 16 oz bricks in either natural (brown) bricks for around \$7.50 and refined (opaque white) wax bricks for \$12.00.

Grating the beeswax allows rapid melting into the heated mineral oil. The mineral oil should be heated to no higher temperature than 175° F (80° C). The beeswax will degrade at high temperatures and 175° is high enough to melt and mix the wax with the mineral oil. Store the unheated beeswax in a sealed container and the finished mix in containers with a wide mouth opening for easy access. I use 1 part wax to 4 parts oil by weight but this is arbitrary as the mix can be varied to change the stiffness as needed. Less oil and it becomes stiffer.

Jerry Klug

This mix can be applied to your sandpaper for “wet” sanding with no dust. The mix is also good for supporting end grain for clean finish cuts. Some turners use this mix for a non-toxic finish especially on turnings that have to be food safe.

## NOVEMBER DEMO

Stephen Hatcher will dazzle us with his beautiful turnings inlaid with calcite. This is the last meeting for 2014 and officers for next year will be voted on.

## OREGON WOODTURNING SYMPOSIUM

2015 Wood Symposium: Albany, Oregon

Plan now to attend the first annual woodturning symposium right in your back yard. If it were any closer, you could get your bicycle out and ride there. What an opportunity so close to home. Come and help make it a success! Registration opened on September 15, 2014. The woodturning symposium will be held in Albany, Oregon at the Linn County Expo Center March 6-8, 2015. Lead demonstrators are Trent Bosch, Jimmy Clewes, Kirk DeHeer, Lyle Jamieson, Dale Larson, Eric Lofstrom, Mike Mahoney, Sarah Robinson, Dave Schweitzer, Nick Stagg, and Molly Winton. There will be at least 11 total demonstrators with over 40 live demonstrations, a vendor showcase, instant gallery, live auction and of course a delicious banquet. You will find the website address at [www.oregonwoodturningsymposium.com](http://www.oregonwoodturningsymposium.com) for further information.

The Symposium committee has put together this list for Cascade members to see how much

## Turning Times

work it will take to pull this off. People can then pick and choose to sign up for particular jobs. We appreciate all of your help in organizing this symposium.

Cascade Woodturners club will be sponsoring a demonstrator's room during the symposium. We will be responsible for setting up our camera, providing a person to run the camera during the demonstrations, etc. so give some thought to volunteering additional support effort. Stay tuned more information to come.

## LIBRARY VOLUNTEER NEEDED

In the event that Mike or Geraldine cannot make a meeting, we need a volunteer to step into their place and staff the books or videos check in/out at the meeting. This is a valuable assistance to both our librarians and the club. Please rush to sign up!
